UPC: 780420122307

Positioning Statement

Dragon NaturallySpeaking 11 Premium speech recognition software gives you complete voice control of your digital world. With Dragon as your personal assistant, you'll accomplish more on your PC than you ever imagined possible — three times faster than typing. It's your key to less stress and more success — at home, work, or wherever life takes you.

Target Market

Power users including university students, teachers, professors, self-employed workers, writers/bloggers, consultants, small business owners

25-Word Description

Dragon NaturallySpeaking 11 Premium lets you control your digital world by voice. Transform ideas into text, send email, search the Web, and more just by talking!

50-Word Description

Dragon NaturallySpeaking 11 Premium lets you control your digital world by voice — at work, home, or on the road. Turn thoughts into text just by talking. Tell your PC what to do and it does it. With Dragon as your personal assistant, you'll accomplish more on your PC faster than ever before.

100-Word Description

Dragon NaturallySpeaking 11 Premium speech recognition software lets you control your digital world by voice — three times faster than typing. Turn ideas into text at the speed of thought. Tell your PC what to do and it does it. Use Dragon to talk your way through your “to-do” list — email, reports, spreadsheets, presentations, social networking, and more — quickly and confidently. Use a digital voice recorder and Dragon will transcribe the audio files when you return to your PC. With Dragon as your personal assistant, you'll get more done faster for less stress and more success — at home, work, or wherever life takes you.

Key Benefits

TURN TALK INTO TEXT

Say words and watch them appear on your computer screen in Word, Word Perfect, Excel, Outlook, and more — three times faster than typing — with up to 99% recognition accuracy right out of the box.

UNLOCK YOUR CREATIVITY

Transform ideas into text at the speed of thought; don't let typing slow you down. Play back what you've written for easy proofing.

WORK COMFORTABLY

Control your PC in a relaxed, hands-free mode without being tied to your keyboard. Say goodbye to repetitive stress injuries.

USE VIRTUALLY ANY WINDOWS APPLICATION

Create reports, spreadsheets or presentations; send email or schedule meetings; surf the Web; update your Facebook status or download your favorite music -- using just your voice.

MULTI-TASK LIKE NEVER BEFORE

Tell your PC what to do, like "Send email to Jon Smith and Raphael Sanchez" or "Search the Web for Internet marketing companies in Boston, Massachusetts" to work faster and smarter. Complete multiple steps with a single voice command.

WORK YOUR WAY

Personalize Dragon with custom word lists and voice commands that reflect the kind of work you do; set formatting preferences, too.

BE PRODUCTIVE ON THE GO

Use a Nuance-approved digital voice recorder from anywhere, at anytime and Dragon will automatically transcribe the audio files when you return to your PC. Wireless microphone support delivers even more convenience.

System Requirements

The install process checks that your system meets the minimum requirements; if they are not met, Dragon NaturallySpeaking will not be installed.

- **CPU:** minimum 1 GHz Intel® Pentium® or equivalent AMD processor or 1.66 GHz Intel® Atom® processor. *We recommend 1.8 GHz Intel Dual Core or equivalent AMD processor. (IMPORTANT: SSE2 instruction set required)*
- **Processor Cache:** minimum 512 KB. *We recommend 2 MB.*
- **Free hard disk space:** 2.5 GB (2.8 GB for localized non-English versions)
- **Supported Operating Systems:**
 - Microsoft Windows 7, 32-bit and 64-bit
 - Microsoft Windows Vista SP1 and SP2, 32-bit and 64-bit
 - Microsoft Windows XP SP2 and SP3, 32-bit only
 - Windows Server 2003 and 2008, SP1, SP2 and R2, 32-bit and 64-bit
- **RAM:** minimum 1 GB for Windows XP and Windows Vista, and 2 GB for Windows 7 and Windows Server 2003/2008. *We recommend 2 GB RAM for Windows XP and Windows Vista, and 4 GB for Windows 7 and Windows Server 2003/2008 64-bit.*
- Microsoft Internet Explorer 6 or higher (free download at www.microsoft.com)
- Creative® Labs Sound Blaster® 16 or equivalent sound card supporting 16-bit recording
- DVD-ROM drive required for installation
- Nuance-approved noise-canceling headset microphone (included in purchase). See details at support.nuance.com/compatibility/ (includes Bluetooth microphones, recorders, and Tablet PCs).

Note: An internet connection is required for product activation (a quick anonymous process).

*This edition of Dragon does not support dictation directly into Electronic Medical Record (EMR) Systems. For EMR support, please use Dragon Medical Edition.
